

## Investment Policy

Qualion Finance Equity-AI ("the Sub-Fund") seeks long-term capital appreciation through investment in equities. The Sub-Fund will be investing mainly in large capitalisation shares from the European Union, United Kingdom, Switzerland and the United States of America (51-100%). The Sub-Fund may also invest in equities from other countries, including emerging markets (0-49%). The Sub-Fund may also invest in units or shares of other UCITS and/or UCI (0-10%). The Sub-Fund may use derivatives to reduce its exposure to various investment risks (hedging) and for efficient portfolio management, and to seek investment gains. The Sub-Fund is managed actively and the portfolio's composition may deviate from the benchmark.
